Professional corded animal clipper

The handy WAHL animal clipper with a powerful DC motor designed for continuous load. Perceptively quiet. Masters every challenge in the salon with ease.

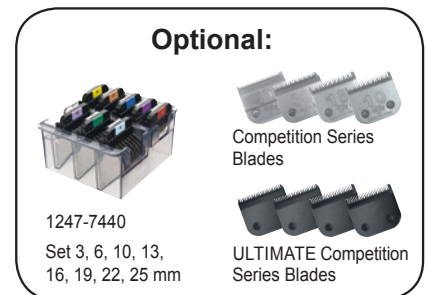

- Powerful animal clipper with the strength of two velocity levels and a durable, solid DC power motor designed for continuous load. The rounded casing facilitates an optimum hair flow and enhanced cutting speed.
- Minimum exertion and low joint stress. Confirmed by experts in ergonomics. Impresses through palpably light weight, slim styling and excellent weight distribution. Molds to suit the user's hand, with slip-resistant coating for a secure hold and improved handling. Developed for intensive use in the salon.
- Perceptibly quiet, with smooth running characteristics* adapted to suit the professional requirements of discerning animal stylists. Uniform cutting performance in all cases, thanks to speed control.
- Low-wear Ultimate Competition blade set "Made in USA", 1.8 mm cutting length, cuts 2.5 times quicker**.
- Blade set quick change system with button for easy blade set changing and cleaning.
- Light, ultra-flexible mains cable, 4.2 m long for a greater radius of action. Particularly tough and flexible - verified through flexibility test. Robust metal suspension ring for space-saving storage.
- Energy-saving switched-mode power supply with low voltage. Greater safety for both user and animal!
